Provisionalization of Cases in Dentistry. 2011 Lecture with Dr. James Fine

Lecture and Slide Presentations to various Study Groups and Dental Societies on Cosmetic Dentistry and Bonding with Light Activated Composite Resins

Restoration and Rehabilitation of Endodontically Treated Teeth. 2014 Internet Video Webinar with Dr. Barry Musikant and Dr. Douglas Kase.

Dr. Docktor has always practiced in northern New Jersey since 1973. In 2000, he set up a new location in Englewood, NJ. Everyone on the Staff has been working with him in the office for 15 to 40 years.

Dr. Docktor has many interests beyond Dentistry, and one particularly overlaps Dentistry and the rest of his life, and that's photography. He is also an avid sports fan, loves music, theatre, ballet, calligraphy, traveling, and being with great friends. Most of all though, he loves to spend quality time with his wife and family.
